\$500

- Logo on Event Page on Website

BUILDING FUTURES

Greeley-Weld Habitat for Humanity helps individuals and families achieve strength, stability, and self-reliance through shelter.

Habitat homeowners have an affordable mortgage payment. Their payments are **less than 30%** of their income. Those payments cycle back into Habitat to build more homes.

Habitat partner families contribute 300 hours Sweat Equity building their homes.

\$100 million of land development and new construction dollars from Hope Springs will be reinvested in Greeley & Northern Colorado.

"Our home will be a magical place filled with love, strength, and room to thrive. Each room will live to tell a story of everyone I love, filled with laughter, memories, and the little moments that make life feel whole."

I want to say thank you all and express my appreciation for everything you've worked so hard on for me and for everyone involved."

Shane, Hope Springs Habitat Homeowner
